

FRAME STYLES

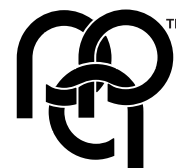

Most styles are available in Premium, Original, Plasti-Chrome/Gold (Style 2) and Regal flat frames. All styles are available with 3D raised letters or silkscreen imprint. Most frames are available with 2 or 4 holes. *The last digit of each part number is a 2 for two hole or a 4 for four hole. Please indicate which part number you will be using on your order.*

Note: Maximum imprint area on all silkscreen frames will be 10-15% less than dimensions shown. Please make sure the style selected is acceptable for your state and does not cover important data on license plates.

Universal Auto Frames is not responsible for fit or coverage problems.
