See "Color Chart" for recommendations on colors suitable for your application.

MOTORCYCLE INSERT CARDS

PLEASE NOTE:

Production date stamp will be imprinted on each insert to identify when item was produced.

Outline may vary order to order. Item is intended to have a license plate frame used above it, covering the edges of the insert card.

Item outer/hole cut lines may vary order to order, depending on current die cutter on hand. All Inserts are die cut with 4 holes for mounting.

Check your artwork layout accordingly.

Large areas of coverage and specific PMS matches are not guaranteed in screen printing.

Art submitted should have the spot colors identified.

All image files should be at least 300 dpi.

We are not responsible for advertising copy that may be covered by a license plate frame.

Lead times may vary depending on production volume. Call customer service for details.

See "Standard Terms and Conditions" for ordering and other information.
